

About Soulcare Ministries

What does Soulcare aim to achieve?

- To see people equipped in how to carry out prayer cover for themselves, family, and others in a wide range of situations.
- To help people to unearth gifts they have, but don't know they have them. To also birth a desire within them for interventionist prayer.
- To bring people from different church backgrounds into a common purpose for God. To also help people to pray and to minister for self and others as they walk through life.
- To help identify the reasons why people are taking this journey and identify the outcomes they want to achieve.
- To help them realise this is a road of discovery, which they will walk for years to come.
